BUREAU OF THE MINT.

App. Washington, D. C., June 18, 1890.

O. Borsbyshell Esq  
 Suppl. Mint U.S.  
 Philadelphia Pa

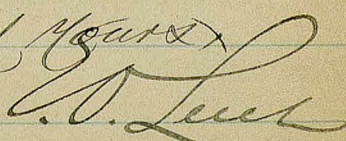

Sir:

Referring to my letter of May 5<sup>th</sup> last, advising you of the payment of your bill for the manufacture of a steel gauge tool for the U.S. Mint at Carson, I have to say that you was erroneously instructed to credit your appropriation for Wages of workmen with \$1.63 of the amount. The whole amount is to be credited to your appropriation for Contingent expenses. This reduces the amount advised you from your appropriation for Wages of workmen to \$6668.83 instead of \$6670.46, as advised in my letter of the 7<sup>th</sup> instant.

In this connection your attention is called to the

fact that <sup>in</sup> your last requisition for an advance from your appropriation for contingent expenses the amount requested was less by \$11.00 than is shown by the books of this Bureau to stand to the credit of the appropriation. This is believed to result from an omission to notify <sup>you</sup> of the payment of your bill, amounting to \$11.00, for the manufacture of a set of Reading Tools for the San Francisco Mint. This amount was to be credited to the credit of your appropriation for contingent expenses. I will thank you to cause this to be done, if not already credited, and after the changes herein noted are made to forward a statement of the repayments which have been made to your appropriations during the year.

Respectfully Yours,

This is declined to result from an omission to notify you of the payment of your bill, amounting to \$11.00, for the manufactures of a set of Reeding Tools for the San Francisco Mint. This amount was to be covered to the credit of your appropriation for contingent expenses. I will thank you to cause this to be done, if not already credited, and after the changes herein noted are made to forward a statement of the repayments which have been made to your appropriations during the year.

Respectfully yours,
